OUR SILVER ANNIVERSARY
1909 - 1934

**196 GREENWICH STREET
NEW YORK CITY**

1909 — OUR SILVER ANNIVERSARY — 1934

Twenty-Five Years of Faithful Horticultural Service

To our friends and customers, who have made our twenty-five years of Horticultural Service successful, we offer this, our 1934 Catalog.

We want to express our grateful appreciation to each and every one of our customers who have made it possible for us to enter upon our twenty-fifth Mile Stone, and to assure you that we will in the future, as in the past, offer you only the best in quality and service at the most reasonable prices possible.

While we are celebrating our Twenty-fifth Anniversary we are offering you in this Catalog a complete line of Seeds, Flower and Vegetable, Roses, Shrubs, Evergreens, Fruit Trees, Sprayers and Fertilizers, of the highest quality obtainable at exceptionally low prices in order that you might celebrate this Season with us.

Our Seeds are procured from the best crops, packed and tested by ourselves, therefore assuring you of the highest germination obtainable.

In our Plant Department, you will find a most complete assortment of Roses, Shrubs, Evergreens, Fruit Trees, Small Fruits, Perennial and Summer Flowering Bulbs. Our Plants are carefully selected and we devote two entire showrooms to the exhibition and sale of same. We also have two large cellars, properly ventilated and cooled in which these Plants are stored upon their arrival and kept in good condition until planted by you, thus insuring success.

At all times you will find a complete assortment of varieties in stock, so that you may call on your way home from business, select your requirements, take them along with you to be planted at once.

Again we would like to thank our patrons who have so loyally remained with us during the trying period of the depression which we have all passed through, and suffered from, to a more or less degree. You have, by your close contact with us, admitted without telling us in so many words, that the service is now, as has always been in the past, true to the MacNiff slogan, "Quality stock, true to name."

We hope to have your continued patronage. Our real aim is to please you and we spare no effort to conscientiously and faithfully serve you.

THE MACNIFF HORTICULTURAL CO., Inc.

ORDERING, REMITTING, ACCOUNTING, FORWARDING, ETC.

Mail Orders Given Prompt Attention

No extra charge for postage on seeds in packets, ounces and quarter pounds. Add 10c per quart for peas, beans, corn and grass seed, if ordered to be sent by mail.

Remittances should be made by Express Money Order, P. O. Money Order, Bank Draft or Registered Letter. No goods sent C. O. D. unless 25 per cent. of their value accompanies the order. No perishable goods sent C. O. D.

We Forward as Customer Directs, by mail, express, freight or steamer. When no shipping instructions are given we send according to our judgment.

We Make No Charge for Shipping and Carting of any goods to any railroad station, steamship line or express office in New York City proper.

We Make No Charge for Packing except on plants, for which we charge cost. We charge for cloth bags, viz.: 1 peck, 15c.; 1/2 bushel, 20c.; 1 bushel, 30c.; 2 bushels, 50c.

We Guarantee Safe Arrival in the United States of all seeds.

Questions and Correspondence—We endeavor to answer promptly all letters of inquiry, which should be on separate paper from order.

The MacNiff Horticultural Co., Inc., gives no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds and bulbs they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

UNITED STATES PARCEL POST RATES

Fourth Class Matter	First Pound or Fraction	Each Additional Pound or Fraction
Local Rate New York City.....	7c	1c
First Zone within 50 miles of New York.....	8c	2c
Second Zone within 150 miles of New York City.....	8c	2c
Third Zone within 300 miles of New York City.....	9c	3c
Fourth Zone within 600 miles of New York City.....	10c	4c
Fifth Zone within 1000 miles of New York City.....	11c	6c

On most of the articles listed in this catalog we have given the mailing weight. Size of Parcel that can be sent by Parcel Post.

Size of package cannot be over 100 inches in length and girth combined.

The rate of postage on mailable parcels weighing 4 oz., or less, is 2c for each oz. or fraction thereof and on those weighing more than 4 ozs., the pound rates shown in table will apply. Weights by Parcel Post.

Parcels up to 70 lbs. can be sent by parcel post to any zone.

To points further than the second zone on weight over 10 lbs., the charge by freight or express is usually more economical.

TESTED VEGETABLE SEEDS

STANDARD AND NEW VARIETIES

The seeds listed in this catalog are the best standard varieties which have stood the test and proven all that is claimed for them.

BEANS

BOUNTIFUL

FLOWER SEEDS

WILD FLOWER—GRANDMOTHER’S

This collection contains many of the leading varieties of ANNUAL and PERENNIAL FLOWER SEEDS. The Annual Varieties will bloom the first season after sowing of seeds, and the following season the perennial varieties will blossom. Sow the above seeds in permanent border for best results.

Price, Pkt. 10c; 1 oz., 30c; 4 ozs., \$1.00; 1 lb., \$2.00

ASTERS

Simple’s Branching Asters. Of American origin; late blooming, tall and producing a unique type of remarkably handsome, large blooms on long stems, unsurpassed for cutting. Separate colors as follows:

White	Shell Pink	Flesh Pink
Lavender	Crimson	Dark Blue
Purple	Carmine	Light Blue
Rose Pink	Lilac	Mixed Colors
Pkt.	1⁄8 oz.	1⁄4 oz.
\$0.10	\$0.25	\$0.40

Queen of the Early Asters. Valuable especially for their early blooming habit; flowers of medium size, appearing 2 to 4 weeks before those of the larger flowering varieties.

Rose Pink	Light Blue	Lilac
White	Dark Blue	Lavender
Crimson	Purple	Mixed Colors
	Shell Pink	
Pkt.	1⁄8 oz.	1⁄4 oz.

GIANT ORCHID-FLOWERED, or
SPENCER SWEET PEAS

This type of Sweet Peas, variously called "Orchid-Flowered," "Spencer" and "Waved" Sweet Peas, is for most uses a great improvement on the "Grandiflora" type. The Vines are very robust and tall; the wavy-petaled flowers are large and three or four often are borne on each of the very strong stems.

This collection of Sweet Peas is composed entirely of the large flowered Spencer type. The making up of this mixture has been performed under entirely careful supervision.

This is an unsurpassed mixture of Sweet Peas.

ASPARAGUS ROOTS

Palmeto. Two-year-old roots. \$1.75 per 100; \$15.00 per 1,000.

MAC NIFF'S SUPER QUALITY ROSES!

Below you will find listed a fine selection of Rose Bushes, of the Hybrid Tea Everblooming Varieties, Hybrid Perpetual June blooming, Tree Roses, also Rugosa, Rock and Polyantha types.

We say a fine selection for we have carefully selected the varieties listed, from the many varieties offered, for their hardiness of growth, profusion of blooms and beautiful colors.

Our Roses are all strictly two year old, field grown Plants, grown in a Northern climate to assure you of receiving hardy stock. The root of each plant is carefully wrapped in moss and burlap to keep it from drying. Also about six inches of the top of the plant is paraffined to protect same from drying. When you set the Plant in the ground cut the paraffined stock, in fact, cut back the plant to about six to eight inches from the ground to secure best results.

Send for free printed instructions on how to plant and care for Roses.

HYBRID TEA, EVERBLOOMING VARIETIES WILL BLOOM CONTINUOUSLY ALL SUMMER

Duchess of Wellington. Saffron yellow, fragrant flowers all the season.

Etoile de France. Red and velvety crimson; the most dependable of its color.
Francis Scott Key. Rich crimson red, immense size; good bloomer Spring and Fall.

General McArthur. Velvety, scarlet, large blooms, free flowering.
Grass an Tepitz. Crimson scarlet; dependable; June till frost.

Hadley. Beautiful rich crimson, fragrant, hardy; garden or greenhouse.
Jonkheer J. L. Moeck. Petals cherry red outside, silver pink within; a splendid rose.

Kaiserin Augusta Victoria. A standard sort, large creamy white blossoms.

NEW VARIETIES OF EVERBLOOMING HYBRID TEA ROSES EXTRA HEAVY GRADE

60c each, \$6.00 per dozen

E. G. Hill. A beautiful new red rose, in form and color. Perfectly formed buds, full double scarlet flowers when open. Vigorous and free flowering.

Etoile de Hollande. A dark red and very fragrant rose. Free bloomer, large size.

Feu Joseph Looymans. Long pointed buds of orange-blush with full flowers of vivid yellow and apricot. Sweet scented.

Joanna Hill Long, full yellow flowers. Tall grower, long blooms on strong stems.

Lady Margaret Stewart. Golden yellow shaded and streaked with orange and red, lovely foliage.
Lord Charlemont. Deep crimson, very fragrant, well formed blooms.

Mevrouw G. A. Rossem. Buds dark orange with background of golden yellow, reverse petals deep bronze.

Killarney Pink. Long pointed buds. Flesh color, suffused pink, very fragrant.

Lady Hillingdon. Clear apricot yellow; autumn blooming habit.

LaFrance. Bright to silvery pink, unique fragrance; a lovely rose.
Los Angeles. Luminous flame pink, shaded coral and yellow; a wonderful rose.

Miss Lolita Armour. Chrome yellow orange and copper; free bloomer.
Mme. Caroline Testout. Satiny rose; a lovely rose; strong, vigorous bush; unsurpassed in merit in its color; dependable. A rose every one should plant.

Mme. Edouard Herriot. Coral-red buds, flower shaded yellow to scarlet. Won the Daily Mail \$10,000 prize.

Mme. Butterfly. Brilliant pink suffused apricot and gold sport of Ophelia.

Ophelia. Salmon-flesh shaded rose; excellent, garden variety.

Premier. Rich dark pink; fine form, fragrant, thornless stems, vigorous, robust plant; a beautiful rose.

Pink Radiance. One of the best for northern locations. Very vigorous, blooms all Summer and Fall. Deep pink.

Red Radiance. Rich deep red; better than its splendid parent, Radiance.

Souv. De Claudius Penet. The best yellow rose ever produced. Beautiful sunflower yellow.

Mrs. Erskine Pembroke Thom. Well shaped blossoms of Canary Yellow. Blooms very freely.
Mrs. Henry Bowles. Fragrant flowers of clear pink, free bloomer.

Mrs. H. Morse. Two contrasting shades of pink with an underlying yellow tint. Fragrant, very free blooming.
Rev. F. Page Roberts. Double blooms of copper red opening to golden yellow. Very large and fragrant.

Talsman. Brilliant red and gold buds opening to well shaped blooms of scarlet-orange and rich yellow. Really a gorgeous rose.

Wilhelm Kordes. Long pointed double buds, flowers of deep golden salmon overspread with a tint of copper. Very fragrant and free bloomer.

Description of above varieties listed on previous page.

RUGOSA MOSS AND POLYANTHA ROSES

Rugosa or Rock Rose. This type of Rose was introduced from China and Japan. They do well when planted singly to grow in bush form, attaining a height of 5 to 6 feet. We offer these in three colors (WHITE, PINK and RED), 40c each, \$4.00 per dozen, \$30.00 per hundred.

DWARF POLYANTHA ROSES

Polyantha Baby Type. These dwarf bush roses are very hardy and bloom continuously all

Summer. Wonderful for hedges, in beds or separate. We offer four colors (RED, PINK, WHITE and SALMON), 40c each, \$4.00 per dozen, \$30.00 per 100.

Moss Rose Pink. Beautiful Moss Buds. Grand-mother's old favorites. Price 40c each; \$4.00 per dozen.
Moss Rose White. Same as above. Price, 40c each; \$4.00 per dozen.

Moss Rose Red. Same as above. Price 40c each; \$4.00 per dozen.

STANDARD CLIMBING TREE ROSES

Red, Pink, White and Yellow. Price \$2.25 each; \$25.00 per dozen.

TREE ROSES, EVERBLOOMING VARIETIES

Red, Pink, White and Yellow. Price, \$2.50 each; \$27.00 per dozen.

HARDY HYBRID PERPETUAL ROSES

Price 35c Each

These roses are what are known as June Roses and are extremely hardy. Some of the varieties listed below will give a second crop of blooms during the Fall season—varieties such as Mrs. John Laing, Hugh Dickson and Gen. Jacqueminot.

Frau Karl Druschki. Snow white, immense size; in every respect the best white.

General Jacqueminot. Brilliant scarlet crimson; fragrant, splendid. Known as the Jack Rose.

Hugh Dickson. Intense crimson shaded scarlet. Large blossoms and very fragrant.

Magna Charta. Bright pink, suffused with carmine. Vigorous grower.

Mrs. John Laing. Soft, clear, pink; immense blooms, fragrant.

Persian Yellow. Very strong grower.

Paul Neyron. Thornless large pink rose.

Prince Camille De Rohan. Deep velvet maroon.

CLIMBING ROSES

BLAZE
NEW EVERBLOOMING SCARLET
CLIMBER

The Blaze is unquestionably the most sensational achievement in Rose culture in many years. It is the very first hardy everblooming scarlet climber and is a beauty in color, shape and profusion of blooms.

Price \$2.00 each, \$20.00 per dozen.

NEW DAWN

THE EVERBLOOMING DR. VAN FLEET

This new rose is a sport from Dr. Van Fleet, and is identical in every way with its parent in size and formation of its long pointed flesh pink buds and double flowers, but blooms continuously throughout the Summer and Fall months.

Price \$1.50 each.

GOLDEN CLIMBER (Mrs. Arthur Curtiss James). A beautiful golden-yellow, ever-blooming climbing Rose. Blooms are of the hybrid tea type, borne on long stems. Bronze green foliage, vigorous grower.

\$2.00 each, \$20.00 per dozen.

American Beauty Climbing. Rich carmine, fragrant; early abundant bloomer.

Dr. Van Fleet. Clear pink buds, glossy foliage; a superb rose.

Dorothy Perkins Pink. Beautiful pink flowers in great clusters.

Emily Gray. Best yellow.

Excelsa. An improved Crimson Rambler; immense clusters; very desirable.

Gardenia. Pleasing yellow, turning to white on opening.

Kaiserin Augusta Victoria. Beautiful white. Everblooming.

Paul's Scarlet. Semi-double shining scarlet; a very desirable rose.

Silver Moon. Faint yellow, changing to pure white. An extraordinary rose.

Strong, two-year-old plants of above varieties

35c Each, \$3.50 per Dozen

Eugene Jacquet. Scented flowers of bright carmine, in large clusters. Good foliage, hardy grower.

Jacotte. Large semi-double flowers of orange-yellow, tinted copper. Strong grower, free bloomer.

Mme. Gregoire Staechelin. (Spanish Beauty). Large flowers of delicate pink, with big frilled petals stained crimson outside, borne on strong stems. Abundant bloomer slightly fragrant.

Strong two-year-old plants of above 3 varieties

45c Ea., \$4.50 per Dozen

RHODODENDRONS AND JAPANESE AZALEAS

"Azaleas for May, Kalmia for June, Rhododendrons for July"

JAPANESE AZALEA

Azalea Japanese Hinodigiri. Beautiful bright scarlet flowers. Grows 3 to 4 feet high.

Plants, 10 to 12 in., \$1.25 Each;

Plants, 12 to 15 in., \$1.75 Each.

Azalea Japanese Amoena. Low growing evergreen shrub, producing bright, rosy purple flowers in May.

Plants, 8 to 10 in., \$0.79 Each;

Plants, 10 to 12 in., \$0.98 Each.

Azalea Mollis. This showy plant produces large, brilliant flowers in attractive shades of Orange and Yellow, in May and June. Grows 4 to 6 feet.

Plants, 12 to 15 in., \$2.00 Each.

RHODODENDRONS

We have in our salesrooms during the Spring Season the native hardy varieties which are used for foliage effect which we retail at \$1.50 to \$3.00, according to size of plants from 2 to 4 foot high.

Hybrid sorts, red, pink, rose, purple and white 12 to 18 inches high at \$2.00 each and up.

HEDGE PLANTS

CALIFORNIA PRIVET HEDGE

California Privet or Lignstrum Ovalifolium

The Privet plants we are offering are not one year cuttings but plants that have been grown with good long root system. The tops have been cut back causing them to branch out near the roots which makes the best stock to use for Hedge purposes.

Two-year-old, light grade, 12 to 18 inches high.....\$2.00 per 100; \$18.00 per 1,000

Two-year-old, heavy grade, well branched, 18 to 24 inches high,
\$3.00 per 100; \$25.00 per 1,000

Three-year-old, 2 to 3 foot plants. Used for screen work..\$4.00 per 100; \$35.00 per 1,000

500 Plants at the 1,000 rate

HARDY JAPANESE BARBERRY HEDGE

Berberis Thunbergii. For northern sections where there is a possibility of the California Privet Hedge freezing out, we would advise making hedge of the Japanese Barberry. Without doubt the hardiest hedge grown. This beautiful bush also is considered by many superior to Privet for a hedge on account of its thorns, which help to keep out animals. The pretty foliage turns red in Autumn and this, with its abundant red berries, makes it very attractive. As a specimen shrub it is excellent, and grown in a mass is remarkably effective. Prices as follows: 2-year-old plants, 12 to 18 inches high, price \$3.00 per 100, 50 at 4 cents each, 25 plants at 5 cents each. 3-year-old plants, 12 to 18 inches high, price \$6.00 per 100, 50 at 8 cents each, 25 at 9 cents each. Plants 18 to 24 inches high used for single or bush effect well branched, heavy set plants \$9.00 per 100, 50 at 10 cents each, 25 at 11 cents each.

Barberry, Red Leaf. A very striking shrub with its fiery red foliage throughout the entire Summer and Fall. Plants 18 inches, 25c each, \$20.00 per 100.

EVERGREENS

We carry a complete list of varieties and sizes of beautiful Evergreens during the Spring Season, that are suitable for foundation plantings, hedges and as lawn specimens. Below we list a few of the popular varieties. If you do not see the variety listed below that you are interested in, write us, and we shall be pleased to quote on same:

	Each
12 to 15 inches.....	\$0.50
15 to 18 inches.....	.75
18 to 24 inches.....	1.00

KOSTER BLUE SPRUCE. The bluest of Blue spruces. It is symmetrical and shapely and has a vivid blue coloring.

	Each
15 to 18 inches.....	\$4.50
18 to 24 inches.....	7.00

COLORADO BLUE SPRUCE. A stately evergreen with a blue-green foliage.

	Each
12 to 15 inches.....	\$1.50

FANCY LEAVED CALADIUMS

The foliage of the Fancy Leaved Caladiums are most gorgeous in their striking colors. Beautiful for window boxes or in beds outdoors when planted in a partly shaded situation.

We offer the following collection of selected varieties for your approval:

Avelin Rose. Beautiful transparent rose color with ribs a shade darker. They are bordered with a narrow line of grass green. Height 15 inches.

Hortulania. The entire leaf is of a gorgeous crimson-red color with bluish tint, bordered with a narrow green line. Height 1 foot.

Miss Louisiana. The transparent rose center fades into a lighter shade towards the edge. Heavy scarlet ribs and narrow dark green border. Height 18 inches.

Pink Beauty. Long spear shaped leaves when fully developed are a lovely transparent salmon-pink with a narrow green border. Inter-spaces mottled moss green. Height 1 foot.

Poecil Anglais. A distinct beauty with attractive waved leaves. The center is a transparent deep crimson with bluish tinge bordered metal green. Very desirable for open ground planting. Height 1 foot.

Scarlet Pimpernelle. The center is a showy bright red with scarlet ribs and the border is creamy yellow. Good open ground variety. Height 18 inches.

Mrs. W. B. Haldeman. Long pointed leaves of an attractive bright red color, with narrow green border. The inter-spaces are splashed and mottled white. Superb open ground variety. Height 18 inches.

Mrs. Sanders. Extra large round leaved variety heavily blotched transparent deep rose on dark green background. Good open ground variety. Height 2 feet.

Large size Bulbs of above varieties 25c ea. \$2.50 doz.

CALADIUM ELEPHANT EARS

Caladium Esculentum. The large decorative green leaves are useful in the center of a bed or when grown separately. The leaves often measure three to four feet long and are very attractive.

Large size bulbs, 15c each; \$1.50 per dozen. Extra large bulbs, 20c each; \$2.00 per dozen.

TUBEROUS ROOTED BEGONIAS

The Tuberous Rooted Begonias are excellent when used in beds in the lawn or in borders.

Single or double flowering, in colors of, Scarlet, Rose, White, Yellow and Salmon.

Large size Bulbs, 20c each; \$2.00 per Dozen.

GLOXINIAS

Easily grown, very showy Plants, that last in bloom a long time.

Colors, Purple, Purple bordered, Scarlet, Scarlet bordered and White.

Large size Bulbs, 30c each; \$3.00 per dozen.

AMARYLLIS GIANT FLOWERING HYBRID

Ranging in color from pure white to pink and deep scarlet. Some with beautiful markings and mottled throats. Large Bulbs, 50c each; \$5.00 per dozen.

AMARYLLIS

These beautiful AMARYLLIS JOHNSONII may be grown in the open ground or planted in pots indoors. The Amaryllis Johnsonii is the red flowering variety with white stripes through center.

Each, 40c.

Per Dozen, \$4.00

SUMMER FLOWERING BULBS

CANNA ROOTS STRONG TUBERS

CANNA, HUNGARIA. Large flowers of deep pink, borne on enormous trusses. Grows 3½ feet high.

CANNA, KING HUMBERT, RED. Beautiful red flowering, with bronze foliage, grows 3½ to 4 feet.

CANNA, KING HUMBERT, YELLOW. Dark green foliage with rich yellow flowers. Grows 3½ to 4 feet.

CANNA, THE PRESIDENT. Dark green foliage. Rich red large clusters of blossoms that make this variety one of the very best. Grows 4 to 4½ feet high.

CANNA ORANGE BEDDER. A bright orange with just enough scarlet suffusion to intensify the dazzling mass of color. Four feet.

CANNA, RICHARD WALLACE. Green foliage, yellow blossoms. Grows 3½ to 4 feet high.

Strong divisions of above varieties

8c ea. 75c doz. \$5.00 per 100

CANNA ROOTS. Assorted colors.

6c ea. 60c doz. \$4.00 per 100

PAEONIES

Paeonies should be planted so that the top eye will set two inches below the top of the ground. If planted too deep they will not bloom.

Do not use manure in the soil, as it has a tendency to create disease in the roots. The best fertilizer is our **ROSE GROWER BONE MEAL**. Mix two table-spoonsful in the soil around the roots.

Unnamed varieties of Paeonies, in colors of Red, Pink and White. Strong clumps, 20c each, \$2.00 per dozen.

Couronne D'Or. A beautiful pure white, yellow stamens around tuft of center, petals tipped carmine.

Edulis Superba. A large loose crown of bright pink, early flowering.

Festiva Maxima. A pure white, crimson flecked center.

Francois Ortegat. A beautiful double crimson.

Golden Harvest. A combination of peach, yellow and white. Midseason.

Mad. Forel. A striking deep pink blossom.

Strong 5 to 7 eye clumps of above Varieties—30c ea., \$3.00 dozen.

TUBEROSE

The TUBEROSE is the most fragrant Summer flowering bulb grown. Beautiful spikes of white flowers. The fragrance of a few bulbs planted in the garden is noticeable from any part of the garden. Bulbs must be lifted during the Fall season and treated same as Gladiolus bulbs.

EXCELSIOR PEARL—Medium Size Bulbs, 5c each; 45c dozen; \$1.50 per 100.

Mother Size Bulbs, 10c each; 85c per dozen; \$4.00 per 100.

STRONG TWO YEAR OLD PLANTS OF ABOVE VARIETIES, 20c each, \$2.00 dozen

GLADIOLUS BULBS

GLADIOLUS bulbs are without doubt the most satisfactory bulbs you can plant in your garden. So easy to cultivate and when planted in rotation, say about two weeks apart until the end of June, you can have a succession of cut flowers for your home until frost. Take the bulbs up in the Fall and preserve them in a cool cellar until the following Spring. Our Bulbs are all free from disease and have not been affected with thrip.

The Gladiolus Bulbs we are offering below are all top size 1½ to 2 inch bulbs, or what are known as mother size bulbs.

Alice Tiplady. (Primulinus) Large orange-salmon flowers with a golden throat. 5c each, 40c per dozen, \$2.50 per 100.

America. Beautiful, long spikes of pink that never fail to give satisfaction. Good free bloomer. Price, 5c each, 40c per dozen, \$2.50 per 100.

Anna Eberius. Velvety maroon purple, with a deeper throat. A distinctive variety in color, with a large flower. 5c each, 40c per dozen, \$2.50 per 100.

Crimson Glow. A perfect scarlet of a deep tone. Very large open flowers of the finest form and exceedingly well placed on a tall spike. 5c each, 40c per dozen, \$2.50 per 100.

Dr. F. E. Bennett. A bright scarlet speckled white. The large flowers are well placed on tall straight spikes. 6c each, 60c per dozen, \$3.50 per 100.

Golden Eagle. Free flowering, clear deep yellow slightly ruffled. An early bloomer. 6c each, 60c per dozen, \$3.50 per 100.

Mrs. Frank Pendleton. A beautiful salmon pink, lower petals spotted carmine. A very satisfactory and popular variety. 5c each, 40c per dozen, \$2.50 per 100.

Mrs. Leon Douglas. A beautiful begonia rose flower striped with scarlet. One of the largest Gladiolus grown. 6c each, 60c per dozen, \$3.50 per 100.

Peace. Large pure white. 5c each, 40c per dozen, \$2.50 per 100.

Virginia. Immense flowers of beautiful Red. 5c each, 40c per dozen, \$2.50 per 100.

MacNiff's Standard Mixture. In this mixture of Gladiolus, you will find a good assortment of varieties and colors. Bulbs are all top size. 5c each, 30c per dozen, \$1.75 per 100.

Special Offer. Ten each of above ten varieties, one hundred in all, all top size, each variety labeled and packed separately, for \$2.25.

JAPANESE LILY BULBS

Very Hardy

What is more beautiful in the perennial garden or border than clusters of these hardy Japanese Lilies. Planted about six inches deep in April or May they will bloom the first season and continue to come up each season and give greater number of blossoms after they have been in the ground two or three years. Do not use manure when planting. If possible place a small handful of builder's sand under the base of the bulb and mix about one tablespoonful of our Rose grower bone meal fertilizer in the soil that is set on top of the bulbs.

LILIUM AURATUM

Auratum (Gold-banded Lily). The grandest of all hardy lilies. Blossoms cone-shaped, pure white spotted maroon, with bright yellow band running through centre of each petal.

	Each	Dozen	100

EXTRA RECLEANED GRASS AND CLOVER SEED

MACNIFF'S SPECIAL LAWN GRASS SEED

After many careful experiments and tests, we are now in a position to offer this Special Mixture, which includes the several varieties of grasses best adapted for making a beautiful lawn. The blend is evenly proportioned entirely free from weed seeds, and specially selected to withstand the heat and drought of the summer.

With proper attention to the soil before sowing, this mixture produces a rich lawn, closely interwoven, firm and ready for cutting four weeks after sowing.

Numerous testimonials have complimented us upon the finest of all lawn seeds, which bespeaks the hearty commendation of its many users.

By using this magnificent composition of grasses, you will be assured of a durable and lasting lawn. You will find quick germination and dark green, velvety color, that many have aspired to, but which few have attained. You will find grasses that are adapted both to ordinary and unusual conditions.

To sum up, you will find a lawn grass seed that retrieves the hopes and expectations for a superb lawn.

Quantity Required

For new lawn, 10 ozs. will sow 10x20 feet (200 square feet).
Twenty pounds will sow 100x100 feet. One hundred pounds to the acre.
For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. or 1 qt., 35c; 40 ozs. or 4 qts., \$1.25; 5 lbs. or 1 Peck, \$2.25

½ bushel or 10 lbs., \$3.75; 20 lbs. or 1 bushel, \$7.00; 100 lbs., \$30.00

CENTRAL PARK LAWN GRASS SEED

Quantity Required

For new lawns, 5 lbs. (one peck) will sow 40x40 (1600 square feet).
 Twenty pounds (1 bu.) will sow 100x100 ft. One hundred pounds to the acre.
 For renovating old lawns, one-half of the above quantity is necessary.
 1 peck or 5 lbs., \$1.25; ½ bushel or 10 lbs., \$2.25; 1 bushel or 20 lbs., \$4.00

SANDY BEACH LAWN GRASS MIXTURE

To make a lawn at the seashore has been a very difficult proposition, but after careful experiments with the different kinds of deep rooted grasses, we are now in a position to offer a mixture that will naturally thrive under the most trying conditions and give results where the ordinary mixture would fail.

Quantity Required

For new lawns, 10 oz. (1 qt.) will sow 10x20 (200 square feet).
 Twenty pounds (1 bu.) will sow 100x100 ft. One hundred pounds to the acre.
 For renovating old lawns, one-half of the above quantity is necessary.

1 qt. or 10 ozs., 35c; 4 qts. or 40 ozs., \$1.25; 1 peck or 5 lbs., \$2.25
 ½ bushel or 10 lbs., \$3.75; 1 bushel or 20 lbs., \$7.00

HILLSIDE OR TERRACE LAWN GRASS SEED

A most difficult thing for both amateur and professional gardeners has been to establish a lawn of quality on terraces, slopes, embankments, etc.

MACNIFF'S "HILLSIDE" LAWN MIXTURE comprises grasses most suitable for growing on hill slopes, all having deep spreading roots that will bind the soil and prevent it from being washed away through heavy rains.

Quantity Required

For new lawns, 10 oz. (1 qt.) will sow 10x20 (200 square feet).
 Twenty pounds (1 bu.) will sow 100x100 ft. One hundred pounds to the acre.
 For renovating old lawns, one-half of the above quantity is necessary.

1 qt. or 10 ozs., 35c; 4 qts. or 40 ozs., \$1.25; 1 peck or 5 lbs., \$2.25
 ½ bushel or 10 lbs., \$3.75; 1 bushel or 20 lbs., \$7.00

MACNIFF'S RECLEANED GRASS SEED

Prices subject to market fluctuations.

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Bermuda Grass (<i>Cynodden doctylon</i>). Excellent for lawns in South. Should not be used north of Virginia, as it cannot resist frost. Does extremely well in poor soil and under generally adverse conditions. Sow 15 lbs. to acre.....	35	\$0.40	\$12.00	\$25.00
Canada Blue Grass (<i>Poa compress</i>). Considerably bluer than Kentucky Blue Grass, although quality is not so high. A perennial grass that is very hardy. Has flat wiry stems. 6 to 18 inches high. Will thrive in the poorest of soils, surviving extreme drought or prolonged dampness; remaining green until Winter frosts. 60 lbs. to acre.....	21	.40	6.00	23.00
Chewings Fescue (<i>New Zealand</i>). Produces a close and lasting turf. Does very well in shady places, and is very valuable for lawn purposes. Sow 30 lbs. to acre.....	14	.45	5.50	28.00
Bent South German (<i>Agrostis stolonifera</i>). The most satisfactory of all grasses for lawns and putting greens. Growth is rapid and is actually improved by constant cutting and tramping. All lawn mixtures should contain this grass. When sowing alone use 60 lbs. to acre.....	20	1.15	20.00	90.00
Crested Dogs Tail (<i>Cynosurus cristatus</i>). Can adapt itself to almost any soil although produces better results on moist, rich land. Is very valuable as a bottom grass for lawn mixtures. Resembles Kentucky Blue Grass in color, which characteristic recommends its use with that sort. 30 lbs. to acre when sowing alone	21	.40	8.00	30.00
English Rye Grass (<i>Lolium perenne</i>). A very rapid grower, thriving best where conditions do not meet the extremes. Retains its bright green color throughout the season. Very desirable for permanent pastures. Excellent for hay if cut when in blossom. 60 lbs. to acre.....	24	.30	4.00	16.00
Pacey's Rye (<i>Lolium perenne</i>). Selected short-seeded dwarf-growing strain, suitable for lawns. Makes a fine green turf in three weeks. 60 lbs. to acre.....	24	.35	6.50	17.00
Sheep's Fescue, Fine-Leaved (<i>Festuca tenuifolia</i>). A bunch grass, but is desirable for lawn mixtures because of its thick dwarf growth and fine foliage. Hardy and succeeds in dry soil. Can be used for permanent pasture where land is high and devoid of moisture. 30 lbs. to acre.....	14	.55	7.00	43.00
Sheep's Fescue (<i>Festuca ovina</i>). Similar to the <i>Tenuifolia</i> , although foliage is not so fine. Does better in high situations where soil is shallow, poor and gravelly. One of the hardiest, surviving extreme heat and cold. 35 lbs to acre.....	12	.40	4.00	22.00
Hard Fescue (<i>Festuca duriscula</i>). A grass for dry lands, thriving in sandy and shallow soils. Very hardy withstanding adverse weather conditions. Is recommended for permanent pasture rather than for lawns. 30 lbs. to acre.....	12	.40	4.00	25.00
Italian Rye Grass (<i>Lolium-Italicum</i>). An excellent assistant to other grasses during first year. Rapid grower, very successful on moist rich land. 50 lbs. to acre.....	18	.30	5.00	16.00
Kentucky Blue Grass (<i>Poa pratensis</i>). The finest of all grasses for varied planting. Very hardy; the first to start in Spring and remaining green until Winter frosts. Thrives in almost any soil. Very nutritious for pasture. Requires about two years to establish itself, therefore should be sown with other grasses. 50 lbs. to acre.....	19	.35	6.00	25.00
Meadow Fescue (<i>Festuca pratensis</i>). A very good permanent pasture grass, very nutritious and relished by all stock. Do not plant on dry warm land. Matures about second or third year. 40 lbs. to acre.....	22	.25	5.00	10.00

MACNIFF'S RECLEANED GRASS SEED—(Continued)

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Orchard Grass (<i>Dactylis glomerata</i>). An excellent all-around pasture and hay grass. Particularly successful in shady situations. Undesirable for lawns. Three to four bushels to acre.....	14	\$0.30	\$ 4.00	\$15.00
Red Top Grass (<i>Agrostis vulgaris</i>). Permanent perennial grass, adapting itself to almost any situation. Sow 4 bushels to acre	14	.20	2.50	10.00
Red Top Grass (<i>Agrostis vulgaris</i>). Fancy, extra-recleaned. The highest quality, absolutely free from chaff and foreign matter. An exceedingly valuable lawn seed.....	32	.25	7.00	14.00
Rhode Island Bent Grass (<i>Agrostis canina</i>). Similar, somewhat, to Red Top and Creeping Bent. When used in connection with other varieties, an excellent grass for lawns. Thrives in both right and sterile silicious soils. 60 lbs. to acre.....	20	1.15	20.00	90.00
Rough-Stalked Meadow Grass (<i>Poa Trivialis</i>). Prefers moist fertile soil. Is successful in shady situations. A permanent pasture and hay grass of quality. 20 lbs. to acre.....	21	.40	7.00	30.00
Tall Meadow Oat Grass (<i>Avena elatior</i>). Very hardy and very productive. Yields two cuttings a year for hay. Cattle relish this grass at all times. 50 lbs. to acre.....	10	.35	3.00	25.00
Timothy (<i>Phleum pratense</i>). As a hay grass this sort is unequalled and unsurpassed. While preferring rich, moist soil, it does well, however, under adverse conditions. Very nutritious and produces a hay crop which outranks all others. An all important factor is the obtaining of high-class seed. We furnish only the choice high-grade seed. When sowing alone, use 25 lbs. to acre.....	45	.25	5.00	10.00
Wood Meadow Grass (<i>Poa nemoralis</i>). Particularly adapted to shady situations. Will thrive where a great many grasses fail. Also makes a pasture of good nutritive value. To be used in all putting-green mixtures and in lawn and permanent pasture where shade or moisture exists. 30 lbs. to acre.....	14	.65	8.00	50.00

MACNIFF'S EXTRA RECLEANED CLOVER SEEDS

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Alfalfa, or Lucerne (<i>Medicago sativa</i>). In deep, rich, well-drained soil it is a perennial, and several crops can be produced within a year. Care should be taken in purchasing seed, as inferior grades are numerous. We offer the highest quality Western-grown seed. Sow 25 to 30 lbs. to acre.....	60	.45	25.00	35.00
Alsike, or Hybride Clover (<i>Trifolium Hybridum</i>). An excellent clover for cattle and honey-bee. Very hard and productive. Thrives regardless of weather conditions. 15 lbs. to acre.....	60	.40	20.00	28.00
Red Clover, Medium (<i>Trifolium pratense</i>). A valuable sort; produces two crops yearly. Also used extensively for plowing under as a green manure. Plant in Spring 15 lbs. to acre.....	60	.40	20.00	28.00
Mammoth Red, or Pea Vine Clover (English Cow Grass). An excellent clover for plowing under. It has a longer life and is larger than the Red Clover. 12 lbs. to acre.....	60	.40	20.00	28.00
Crimson, or Scarlet Clover (<i>Trifolium incarnatum</i>). A very productive variety, but not hardy. Very good also for plowing under. Cut when in full bloom for hay crop. Plant 20 lbs. to acre	60	.25	14.00	20.00
White Clover (<i>Trifolium repens</i>). Extra recleaned. Should be used in all lawn mixtures, as it forms an excellent bottom. Very good pasture seed also. Sow in Spring with other sorts 1 to 2 lb.; when alone, 8 to 10 lbs. to acre.....	60	.55	30.00	45.00

INSECTICIDES and FUNGICIDES—(Continued)

POMO GREEN—With Nicotine. Used as a prevention against mildew, black spot, etc., for Roses and other flowers. It kills plant lice and chewing insects. Price: 1 lb., 75c; 5 lbs., \$3.00.

LIME SULPHUR, Dry—For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scale. Also Peach Leaf Curl and Brown Rot of Peaches. Used for same purposes and has all the effectiveness of Lime Sulphur and is much easier and far more pleasant to handle. One pound makes 3½ to 5 gallons. Price: 1 lb., 35c; 5 lbs., \$1.50; 10 lbs., \$2.50.

LIME SULPHUR SOLUTION, Liquid—For dormant spraying of fruit and shade trees. Also for summer spraying of fruits for all forms of Scale insects and for Peach Leaf Curl, Apple Scab, Strawberry and Asparagus Rust. One gallon makes about 9 gallons for a dormant spray and about 40 gallons for summer spraying. Price: 1 qt., 45c; gal., \$1.00; 5 gals., \$3.75.

MO LO. A preparation for destroying and driving away moles. Per pkg., 25c.

NAPHTHALENE FLAKES will kill Thrip on Gladiolus Bulbs. After the bulbs are fairly dry, clean them. Take the roots and old bulbs off. Scatter Napthalene Flakes over the bulbs at the rate of one ounce or more to 100 bulbs. Cover the tray with paper, cloth or something to help confine the fumes. Keep them fairly warm, 60 to 70 degrees for two or three weeks, then shake the Napthalene Flakes off and store in a cool cellar. 1 lb., 25c; 5 lbs., 75c; 10 lbs., \$1.40; 25 lbs., \$2.50; 100 lbs., \$8.00.

PARIS GREEN. A poisonous powder for potato bugs, worms, caterpillar, slugs, etc. Price: ¼ lb., 20c; 1 lb., 50c; 5 lbs., \$2.00.

PARADICHLORBENZENE (PARACIDE) — Peach Tree Borer. Kill the Peach tree borer with Paracide. Easily applied. Sure death to the borer. Price: 1 lb., 60c; special quotation on quantity lots.

PYROX NICOTINE

A combined insecticide and fungicide for all leaf eating insects, blight and fungus troubles; it is a pasty substance and needs only to be mixed with cold water. 10 oz. Jar, 50c; 5 lbs., \$2.00.

RED ARROW. Absolutely non-poisonous to children, poultry, or pets, but deadly to insects. Will absolutely not burn, blight or stain the tenderest leaf, flower or petal. 1 oz. bottle, 35c; 3½ oz. bottle, \$1.00; ½ Pint, \$1.75.

SCALECIDE—A reliable, simple and economical spray for San Jose, Mussel, Brown and Red Scale, Pear Psylla Rust, Mite and such other scale and soft bodied insects. It also destroys many of the eggs and larvae of insects wintering in trees. Price: qt., 60c; gal., \$1.35; 5 gals., \$4.75; 10 gals., \$8.50; 30 gals., \$18.00.

SNAROL—Is a scientifically prepared meal that mean death to Cut Worms, Slugs, Snails and Grass-hoppers. The pest eats it as a food and is quickly exterminated. This modern pest control, unlike many others is safe to use around pets or fowls. Price: 1½ lbs., 35c; 4 lbs., 85c.

SLUG SHOT POWDER—Price: 1 lb., 25c; 5 lbs., \$1.00; 25 lbs., \$4.00; keg, 125 lbs., \$16.00.

SULFOCIDE. A concentrated liquid sulphur fungicide. Used on all kinds of fruits. Price: 1 pint, 50c; 1 quart, 85c; 1 gallon, \$2.25.

TREE WOUND PAINT—Stops decay and tree bleeding. Is not effected by heat, cold or moisture. Price: ½ pt., 40c; pt., 70c; 1 qt., \$1.25; 1 gal., \$3.00.

TOBACCO DUST—For dusting only. Price: 1 lb., 15c; 5 lbs., 35c; 10 lbs., 65c; 100 lbs., 4.00.

TOBACCO STEMS. Price: 1 lb., 15c; 5 lbs., 35c; 100 lbs., \$3.50. Quotations on larger quantities.

TREE TANGLEFOOT. Paste for painting around the trunk of trees. Price: 6 oz. can, 25c; 1 lb. can, 60c; 5 lbs., \$2.75; 10 lbs., \$5.25.

WEED KILLER—See Herbicide.

WILSON'S O. K. PLANT SPRAY—A powerful, yet safe and efficient insecticide for general outside or greenhouse use. Positive control for most insects commonly found attacking flowering plants, shrubs; and ornamentals. ½ pt., 40c; Qt., \$1.00; Gal., \$3.00; 5 gals., \$12.00.

SPRAYERS AND DUSTERS

BRONX BOTTLE SPRAYERS

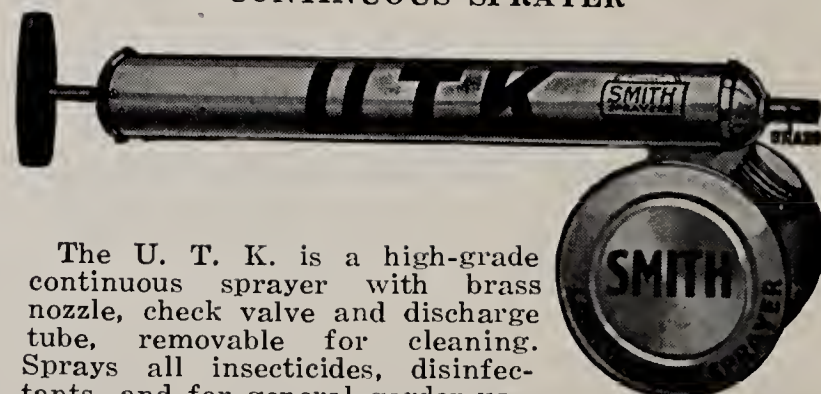

For spraying insecticides, flowers, roses, shrubbery, house-plants, disinfectants, moth and fly-killing liquids. For use in homes, schools, hospitals, poultry houses, factories, etc.

Sprayer is made entirely of heavy brass, nickel-plated throughout and may be entirely disassembled for cleaning when desired; sprayer screws to blue glass bottle.

Nozzle throws powerful, large, broad mist. Will spray in any direction. Long pump stroke, easy pumping.

Labels—Copper Wired, Painted, 3½ in. Price:
40c per 100 ; \$2.50 per 1,000.

Perfection Glazing Points. No rights or lefts.
No. 2 small for single thick glass; No. 2½ for
double thick glass. Price per box of 1 lb. or
1,000, 75c; 10,000, per 1,000, 65c.

RATNIP. A powerful poison paste for mice
and rats. Easily applied to bread. 35c per tube.

RAT CORN
NO ODORS OR SMELLS

It mummifies them. No matter where they die,
they simply DRY UP. Positively do not smell.
Rat Corn is a new and scientific discovery, and
without a doubt the greatest rat destroyer in the
world; the only one that kills rats without any
bad, dangerous or disagreeable effects. A trial
will convince you; 25c, 50c and \$1 per can.

NEPONSET FLOWER POTS
DO NOT BREAK

Tough, waterproof paper, gives to Bird's Im-
proved Neponset Flower Pots a lasting strength.

HOLDS MOISTURE

Bird's Improved Neponset
Flower Pots retain the moisture.
These pots are most satisfactory
for growing, shipping and trans-
planting of seedlings or plants.

Are Ideal for Transplanting

When used for transplanting, Bird's Improved
Neponset Flower Pots permit speed in handling,
and, if desired, ease in removing. Their light-
weight, toughness, and economy make them an
ideal pot for rooting or shipping plants of any
description.

POULTRY REQUISITES

The Little Putnam Stove

YOU CAN GET WINTER EGGS. Simply keep the drinking water from freezing and feed Sprouted Oats with the usual Grain Ration. Therefore, to make eggs and lots of them in WINTER TIME, your fowl must have water to drink and plenty of it. The Little Putnam Stove holds three pints of oil and burns a MONTH with one filling. (Patented principle.) Requires absolutely NO ATTENTION, except to be filled; never needs trimming; GREAT TIME SAVER, because its use makes unnecessary the renewal of water two or three times a day on account of freezing in zero weather. Price\$2.00

GLASS PAN
FOUNTAIN

FOR USE OF MASON
JARS

No. 65G

The drinking pan is of heavy molded glass with smooth edge. The Mason Jar screws into the metal clip and is held firmly in position. The clip snaps over the outer edge of the pan. Jar and clip are quickly detached from the pan for filling or cleaning. An ideal fount for feeding buttermilk or medicated water. Saucer is 6 inches in diameter. Chicks cannot get into the pan. No. 65G, Price.....\$0.15 ea.

THE TWIN DUPLEX

FOUNTAIN

Constructed with two water founts which doubles the drinking capacity.

2-gal. size\$1.65

5-gal. size 3.00

LEADER WATER FOUNTAIN

Made of heavy gauge galvanized steel. Made in two pieces. Invert to fill.

2 gal. size.....\$1.15

3 gal. size..... 1.35

CHICK FEED TROUGHS

Patented June 6, 1923

No. 71G

Heavy one piece, seamless trough stamped out of galvanized steel. Easy to keep clean. Gable shaped cover prevents chicks from getting into trough and wasting feed. Cover slides off easily.

71G—10 in.\$0.15 ea.

72G—20 in.25 ea.

ROYAL CHICK HOPPERS

A wonderful feeder for baby or growing chicks and will pay for itself in a short time in the saving of time and labor, where chicks are raised in large numbers. Slide top; easily filled and cleaned, all turned edges on feeding holes. Price.....\$1.25
No. 42 21 in., 32 feeding holes, 12 qts. mash capacity

COOP CUPS

No. 1

Made of terne plate. 1/2 pt. size, 15c each; \$1.50 doz.

POULTRY PUNCH

A poultry punch for marking baby chicks.

Guaranteed to work perfectly.
Price \$0.25

POULTRY REQUISITES

Flexible - but
doesn't crack or break

CEL-O-GLASS is a substitute for common glass, made of high-grade wire treated by a special process that fills the space between the strands with a clear tough, flexible, transparent substance that does not rub or peel off or become brittle.

CEL-O-GLASS is light in weight, unbreakable, and weatherproof. It can be cut to size with a pair of shears and fastened in place with a hammer and a few tacks. No glazing is necessary.

CEL-O-GLASS can very well be used instead of ordinary glass for chicken house windows, hot-bed sash, barn doors and windows, cellar doors, storm doors, and general outside construction. It transmits light almost as freely as ordinary glass, but diffuses the rays much more evenly.

Rolls, 3 feet wide up to 100 feet long. A standard 100 foot roll weighs approximately 44 pounds packed for shipment.

Price, \$1.40 per sq. yd.; 50 ft. Roll 150 Sq. ft., \$19.00.

EGG CRATES SURETY CUSHION

The "Surety Cushion" egg crate is constructed of only the best planed lumber. The ends are of solid, one-piece construction with grooved handles.

The patented "Surety Cushion" egg trays inserted one above the other holds the eggs in double pyramid cushion pockets and prevent the eggs from coming in contact with one another or with the walls of the crate. They also prevent the eggs from rattling about.

MACNIFF'S "SHADY" LAWN GRASS SEED

It is hardly necessary to remind any reader of this catalogue of the futility of using ordinary grass seed mixtures for shady and damp situations. Many lawns are spoiled by the bare and unsightly spot where constant shade exists, and all efforts have failed to get grass to grow in these places.

To successfully combat conditions such as these, "MACNIFF'S "SHADY GLEN" LAWN SEED should be used exclusively.

This combination is composed of tried and tested fine-leaved evergreen varieties, which grow wild in the woods in their natural state, and will form a lawn that will be in keeping with the finest results obtainable under ordinary conditions.

Quantity Required

For new lawns, 10 oz. (1 qt.) will sow 10x20 (200 square feet).

Twenty pounds (1 bus.) will sow 100x100 ft. One hundred pounds to the acre.

For renovating old lawns, one-half of the above quantity is necessary.

1 qt. or 10 ozs., 35c; 4 qts. or 40 ozs., \$1.25; 1 peck or 5 lbs., \$2.25;

½ bushel or 10 lbs., \$3.75; 1 bushel or 20 lbs., \$7.00
